Skills

Languages: C, C++, SQL, PHP, HTML, CSS, JavaScript, Java, Python, Typescript
Technologies: React.js, Express.js, Node.js, MongoDB, PostgreSQL, Next.js, Bootstrap
Coursework: Low-level Design(LLD), Algorithms Analysis, Operating System(OS), Data Structures, Networking, Database (DBMS), Software Engineering
Miscellaneous: Linux, Shell (Bash/Zsh), Git

EXPERIENCE

Operations Manager Intern, CipherSchools   Jan 2025 – Present
- Streamlining operations for cohort-based programs with 500+ participants, reducing query response time by 30% through optimized policies and communication workflows.
- Analyzing program data to identify trends, implementing strategic changes, increasing engagement rates by 20%.
- Generating detailed performance reports using Excel/Google Sheets to drive data-backed decision-making.

Content Problem Reviewer and Solution Author, LeetCode   Apr 2024 – Aug 2024
- Oversaw a quality control initiative for LeetCode problems, revising 120 problem statements and examples; improved user satisfaction ratings by 15

Projects

Raj Fashion eCommerce Website | *React, UI/UX Documentation, Frontend Development*   **[Link]**
- Documented the frontend behavior and user interaction flows for the Raj Fashion eCommerce website, providing detailed guidelines that streamlined development and improved feature consistency, leading to a 25% reduction in debugging time and enabling the launch of key features 2 weeks ahead of schedule.
- Enabled a seamless shopping experience with optimized load times (35% faster) and intuitive navigation, ensuring accessibility and usability across devices.
- Collaborated with developers to ensure timely feature implementation, improving development speed by 30% and enhancing user engagement by 20% post-launch.

KnowMe | *NextJS, ThreeJS, Framer Motion, Tailwind CSS*   **[Link]**
- Developed and deployed a personal portfolio website leveraging modern web technologies to enhance personal branding, achieving a 60% increase in profile visibility and engagement across professional networks.
- Integrated interactive UI/UX elements, boosting visitor retention by 30%.
- Showcased key projects, achievements, and skills, leading to a 50% increase in portfolio traffic and connection requests from potential employers and collaborators.

Achievements

- **Div3 on CodeChef with 630+ days streak** (*Link*)
- **Solved 1,200+ DSA problems** across platforms, maintaining a **425+ day streak on LeetCode.** (*Link*)
- Technical Head of a student coding community, **followed by 3,000+ students**. (*Link*)
- Completed **NPTEL Course on Cloud Computing** (*Certificate*)
- Winner of **Unstop Giveaway**, recognized for active participation in tech competitions.

Education

Lovely Professional University   **2022 – 2026**
Bachelor of Technology in Computer Science & Engineering (CGPA: 8.68 / 10)   *Jalandhar, Punjab*
